Chicken Case Amigurumi Crochet Free Pattern

Chicken Case, yellow thread was used to make the free pattern. After the arms are made, they are added to the [bird amigurumi](#). Making the nose and feet is simple. He has some hair on the top of his head. It is the most important detail for Chicken Case. You can make the eyes using black thread when the amigurumi pattern is finished. When you're done making the free pattern, you don't need to fill it out. I am sure you will love this pattern.
