

Hello my dears. I haven't shared a cute penguin [amigurumi pattern](#) in a long time. Today I will be sharing a plush crochet penguin pattern. You use a different type of rope when making the body of the Amigurumi penguin. When you use this rope, the body of

the amigurumi looks magnificent. Penguin's feet and arms are very easy to make. 2 different colors are used in the head part. It will be a little difficult to make the head part. But in general, it is an easy pattern and an [amigurumi](#) that I can recommend to beginners. If you're ready, let's start.

Assembly

We sew the head to the body for the front half loops.

We fasten the yarn and hide it. We sew the paws a little at an angle or as you like.

We sew the legs along the loop, so that the fingers are directed to the sides.

The tail is sewn on the back in the center at the level of the legs. So that he does not touch the table if planted.

Embroider eyes and beak with a rhombus.
