V 13. 3 sc, 1 ch and turn the fabric. From now on we are going to work in rows (back and forth, not in a spiral).

V 14-34. 34 sc, 1 ch and turn the fabric.

NOTE: the mantle can be longer or shorter depending on your tension when knitting, it may be that you need more or less rows than I mention, the correct length is 2 rounds

shorter than the body of your doll.

With golden thread we must add 1 round all around. I chose to make it with crab stitch, but if you don't know how to do it, you could do it with pb. Thread a needle with gold thread and embroider stars all over the mantle. (Click on the link to see how the crab stitch is made)
