The construction is a really simple lace of lion head, letter beads, wooden and crocheted balls with a clip at one end and a string to attach to the pacifier, at the other end. Place the loop of string through the hole of your clip, then place the strands of string through the loop and then pull it (img 34,35). Using the big needle, thread your string through. Put the wood bead, lion head, letter beads, crocheted and wood beads on one at a time and pull through onto the string (img 36,37,38). Once all the beads have gone through the string. Make a loop at the end. Tie a knot big enough (img 39).
