

Hello dear friends. Today we will [crochet](#) a brand new and very cute amigurumi pattern with you. Our [crochet pattern](#) for today is gingerbread. A truly magnificent doll is designed. I have shared gingerbread amigurumi patterns before. If you wish, you can examine the previous amigurumi patterns. After preparing the necessary materials for the pattern, you can start working with crochet. When you examine the

ready version of the [amigurumi doll](#), you will see that it is crocheted in two different ways. The first is made with an ordinary yarn and the other is made with velvet yarn. Actually, velvet yarn has different advantages. You can see this on gingerbread [amigurumi](#). Amigurumis made using velvet rope are slightly larger and have a structure that hides mistakes. When you do it with the same number of stitches, you will see that it is noticeably larger. Now let's crochet the gingerbread amigurumi step by step.

Stuff. Cut off the thread, leave a thread for sewing.

Scarf

Make 40 ch (or any other number of stitches so that you could tie the scarf around the toy's neck), from the second stitch from the hook work 39 sc.

Glaze

White (I used Iris thread, crochet hook size 1,5 mm).

Base:

Rnd 1 – 6 sc in MR

Rnd 2 – 6 inc (12)

Rnd 3 – (1 sc, inc)*6 (18)

Rnd 4 – (2 sc, inc)*6 (24)

Then we need to make drips for the glaze, I have a combination of the following schemes in no particular order, simply work 1-2 sc between the drips:

- make 6 ch, from the second stitch from the hook: 2 sc, 2 hdc, dc
- make 5 ch, from the second stitch from the hook: 2 sc, 2 hdc
- make 4 ch, from the second stitch from the hook: 1 sc, 2 hdc
- make 3 ch, from the second stitch from the hook: 1 sc, 1 hdc
- (sc, hdc, 3 dc in 1 stitch, hdc, sc)

Work 1 round of drips combining different schemes, then cut off the thread, leave a long thread for sewing.

Berry with a leaf

Red (divide YarnArt Jeans thread in half).

Rnd 1 – 6 sc in MR

Rnd 2 – 6 inc (12)

Rnd 3-5 – 12 sc (3 rounds)

Rnd 6 – 6 dec

Stuff a little, tighten the opening, cut off the thread, leave a thread for sewing.

Attach a green thread (divide YarnArt Jeans thread in half) to the center of the top of the berry, make 4 ch, from the second stitch from the hook work 3 sc. Secure the thread, weave in the ends.

Assembly

1. Sew on the arms 2 rounds lower the head.
2. Glue on the eyes between 6th and 7th rounds of the head (counting from the beginning of the head crocheting – this is the round with 12 increases), 6-7 sc between the eyes.
3. Embroider a smile with a fine white thread on 4th round, 4-5 sc wide.
4. Buttons: cut a thread about 30 cm long, make a loop, pass one of the ends of the thread in this loop 5-6 times, then carefully pull both ends making a little ball. Make 3 buttons like that, then sew them on between 13th and 14th rounds, 16th and 17th rounds, and between 19th and 20th rounds.
5. Sew the glaze on top of the head, then embroider the multi-colored sprinkles with small stitches, sew the berry on top.
6. Tie the scarf around the neck.
