Dear friends, today I will share an easy and very cute [lamb amigurumi pattern](#). Such animal amigurumi patterns have become very popular as you know. Especially with the difference in the yarn you use regionally, very different [doll amigurumis](#) can emerge. Today's crochet sheep [pattern](#) is one of them. White yarn was used for the body of the lamb.

But you can see that a regular string is used for the arms and legs. In fact, although the white part of the lamb may seem difficult, it seems much easier to do that part. As for the face of the lamb, there is a simple way of making it. But her eyes and cheeks are formed in a really cute way. Now let's crochet the lamb amigurumi step by step.
