

Hello to everyone,
Today I shared the amigurumi pattern of the hamster, the cutest [mouse](#), for you. Amigurumi pattern kids will love it. Making the [amigurumi](#) pattern is very easy step by step. It does not require much material. You can make a free amigurumi pattern with yarns that you do not use at home. You can use it for decor in your home. After preparing your material list, let's start working with [crochet](#).

Hugo The Hamster Hero Amigurumi Crochet Pattern

The body and legs of the cute amigurumi hamster pattern are crocheted together. The head part of the amigurumi pattern is then crocheted. You can use plastic accessories to make the eyes of the toy. You can make the mouth and nose part using black thread. The outer part of the ears of the amigurumi pattern is crocheted using brown yarn. The inside of the ears are crocheted using pink yarn. Half of the head part of the amigurumi pattern is brown and the other half is crocheted using light brown yarn. I wrote how to do this in the comments section. The body part of the amigurumi hamster toy is crocheted using red yarn. Amigurumi [pattern](#) Hero is likened to a superhero. The letter H on the belt and the yellow cloak were very successful. Don't forget to add the superhero amigurumi pattern to your favorite list.
