Dear friends. Welcome to my amigurumi blog.

Tired of ordinary crochet amigurumi patterns? You have come to the right place today.

Today I am sharing a very cute crochet teddy bear amigurumi pattern with you. It has a very different design. A crochet teddy [bear pattern](#) that looks great with a crochet cardigan, shirt and pants. But I must say that it is intermediate level.

There are no sweaters or clothes in the pattern. You can do this by purchasing the entire pattern or using your creativity. I trust you, you can do it. I must say that even though it is not an outfit, it is a very impressive [amigurumi pattern](#). It is quite different from ordinary

crochet teddy bear patterns. A little head, a little big belly

To make a sleeping companion for your children, crochet this cute crochet teddy bear amigurumi toy **step by step** now.

Tightening his eyes.

Map the pins the location of the eyes. Introduce a large needle with a strong thread at the back of the head, as close as possible to the disc, to bring into the base of the first eye, grab a few loops, make the needle in the place of entry. Introduce the needle once again in this place (not capturing flying) and bring to the base of the second eye, catch the leration. The thread to tighten. For the best result

As a result, tie a knot of threads of tightening and swipe deep into the knitting. Set the eyes – buttons, peeling the atu the same thread or taking an extra.

White thread embroider the protein of the eyes.

Use a thread of moulin or thread, which you have poured in the knitting, to tinge the eyebrows. Map out the location of the brooches

You can use a technique of “volume stitch” to make the z-4 straight stitch at a length of 6 rovi ipi.

your discretion.

Set the location of the ears and come.

In this toy, the thread fastening of the legs is layered. With a favor of strong thread and a long needle, sew the handles and legs, pre-marking the places of their splitting pins.

Congratulations!
