4,5p) – 18sc = 18

Cut the yarn, fasten, leave the end for sewing.

ASSEMBLY

1 – Sew on the muzzle at a convenient height for you, stuffing it with filler along the way

2 – Sew on the ears, having previously folded them along, sewing the two edges in half about 1 cm up.

3 – Insert the eyes. I used glass eyes on the meth / hairpin. Bend the hairpin in the form of a loop and sew like a button on the leg, hiding the leg deep into the head.

4 – We embroider the nose and eyebrows with a floss yarn

5 – Tint at will (oil or dry pastels)

We knit in rotary rows

Cast on a chain of air loops. Trying on as you knit. The chain should close around the neck. + 1 loop

lifting

1p – sc without increments in each loop, 3ch, reversal

2p – 3dc into each loop, 3ch, reversal

3p – 2dc into each loop, 1ch, reversal

4p – sc into each loop.

Cut the yarn, fasten. Sew a frill directly on the toy

OVERALLS

The jumpsuit is knitted in a spiral sc

Dial a chain from cn, The chain should close around the toy.

Connect with slst and continue knitting in a circle, in a spiral sc

We knit to the length you need

Sew the canvas between the legs

Attach the yarn to the beginning of knitting. (chain of air loops looks up) and knit a row of “elastic”. We knit sc, but we do not insert the hook into the chain from cn, but down a row. Those. like 6y tying the first row of our knitting. At the end of the row, cut the yarn and fasten it.

Overlay

Mark the center of the overalls and choose the width of the overlays, having previously counted the required number of loops to the right. Attach yarn. We knit in pivoting rows to the desired lining height. After the overlay is connected, choose the first strap with the same yarn. The strap is knitted with regular cn. Having knitted the milking of the desired length, we connect it with the jumpsuit at the back of the slst. Attach yarn to the second corner of the overlay and repeat the operation
