

Winnie The Pooh Tiger Free Pattern

Do you know Tigger? He is a very cute tiger. If you know the cartoon **Winnie the pooh**, you definitely know **Tigger**. Today we will make crochet Tigger amigurumi using velvet yarn. Thank you very much to the person who made the model. A truly gorgeous crochet tiger pattern. The materials used are of very high quality and are

extremely symmetrical. You can see how gorgeous your crochet amigurumi will be when you use a yarn of this quality.

Tigers are wild cats that live in the jungles of Asia. But Tigger, one of the winnie the pooh characters, is quite cute and extremely friendly. He is always clumsy and endears himself very much. I would not recommend going out of orange, black and white in color selection. However, as seen in the pictures, pink color was used on the nose and ears of the tiger. The crochet tiger [amigurumi pattern](#) is completely free. Now let's [crochet Tigger](#) amigurumi **step by step**.

Now you will work as you would in a magic ring but instead of joining after round 1, you will chain 1 at the end of each round and turn your work to get a half circle.

ASSEMBLY

Sew in place just above the muzzle, it should stretch to between round 9 and 10 of the head. Make sure you stretch the sides so the width is approximately the same as the muzzle.

Using a long tail of colour A, make 2 long stitches across the muzzle to cover up where the two parts join.

For the eyes, these will sit on bottom of the half circle, just above the muzzle. Using colour C, make a stitch on the outside of round 1, across the height of one stitch. Go over the same stitch 4 times.

For the eyebrows, these will sit just above where the half circle ends. Using colour C, count 4 stitches in between, make a stitch across 3 stitches down the side of the half circle, go over once more.

NOSE

Using colour D, make a magic ring, chain 3.

In the magic ring make the following stitches: 2tr, 2dc, 2hdc, 1sc, 2hdc, 2dc, 2tr, chain 3, slst in to the magic ring.

Now tighten the magic ring and you should have a heart shaped nose.

ASSEMBLY

Stitch in place just above round 1 to between round 6 and 7 of the muzzle.

The mouth is sewn on in between round 6 and 7, make a stitch across the full length with colour C, don't secure in place yet. The middle of the mouth will sit between round 4 and 5 so make sure you are happy with the position before securing in place. You can do this by using a bit of glue or making 3 stitches in colour C by doing a loop around the mouth in the same stitch.
