

Happy new week everyone, today there is a special pattern for you. There is a wonderful [amigurumi](#) blanket and rattle pacifier set for your newborn babies. You can prepare a wonderful sleep set for your babies with your own hands.

You can complete this pattern by using amigurumi blanket and pacifier set for newborn babies, a sweet baby blue for your boys or pink for your girls if you wish. It can also be used as a great newborn gift and will be much more valuable because it is handmade. We would like to thank the owner of the pattern for sharing this wonderful [pattern](#) with us. This [teddy bear](#) blanket can be a great toy amigurumi for newborn babies. It is perhaps more accurate to [crochet](#) something like this instead of a doll amigurumi. It is quite simple to embroider with crochet. I explained in detail how to crochet step by step. Also, this pattern is a completely free crochet amigurumi pattern.
