Let's crochet the face of the cute ghost toy. We are completing our amigurumi

pattern. It will be the cutest member of your house.

Face

Sew cheeks to body between rds 9-12 and approx. 7 sts apart. Sew on straight mouth between the cheeks right below row 10. For eyes, make 5 knots on top of each other (on the same place on the yarn) to make a big knot (alternatively make big french knot). Place between cheeks one row above mouth and close to the cheeks (so close they almost touch, leave maybe 1 mm of room between eye and cheek).

Sew legs to the inside part below the little "apron" at the bottom of the body approx. At the same distance as the cheeks, slightly pointing outwards but with tips pointing slightly inward.

Congratulations, you have completed the cute funny ghost amigurumi pattern
