Dear friends, hello to everyone.

Today we will examine a beautiful [bunny amigurumi](#) pattern with you. This cute

bunny is crochet with velvet yarn. I do not recommend crochet with a thin thread. [Amigurumi](#) has very nice body lines. I think the ratio between the bunny's body and ears is very good. Also, I think it makes more sense to crochet this cute bunny in yellow.

When you look at the materials used, you will see that there are not many details. Although it seems difficult, a beginner can easily crochet this bunny amigurumi. So I suggest you try it. Especially the proportions of bunny's ears and body are really impressive. Friends today I am sharing a very cute amigurumi [pattern](#). A very impressive and easy amigurumi pattern. As you know, [crochet](#) bunny amigurumi models are highly preferred. This is one of the most popular models. Especially amigurumi bunny made using plush and velvet rope are very popular.
