Hello to everyone,

It would be a great idea to give your loved ones a bunch of [amigurumi bunny](#) toys. Free amigurumi pattern bunnies are small and easy to make. I have written in the explanations how to do it step by step in a very practical way. I have also included pictures of the parts. While making this amigurumi pattern, you can evaluate the yarns that you do not use at home. You can make your Amigurumi cute rabbit toys in the colors you want.

Teeny weeny bunny amigurumi [free pattern](#) will be 15 cm tall when completed. In the free pattern, the body, legs and head are crocheted together. It will be very practical if you use a single color while crocheting the amigurumi pattern. And you can make amigurumi rabbits in different colors. You do not need to make the eyes of the amigurumi pattern. You can make eyes using plastic accessories. After completing the amigurumi pattern, you can [crochet](#) the mouth and nose using black yarn. The most fun part of making an amigurumi pattern will be to make the tiny bonnet. Don't forget to leave holes for the ears when making the bonnet. I really like the amigurumi pattern. I hope you like it too. Don't forget to add this wonderful amigurumi pattern to your favorite list.
